

Agenda
ABJ80 TRB Statistical Methods Committee

Tuesday, Jan 12, 2016

8:00 AM to 12:00 PM, Marriott Marquis Supreme Court, M4

Chair: Linda Ng Boyle, University of Washington

Secretary: Bob Scopatz

Scope: The ABJ80 Committee is concerned with the appropriate application of statistical methods in the field of transportation. The committee serves as a resource on statistical matters for all TRB committees and related committees for the National Academies; fosters understanding and use of statistics through dissemination of educational activities; and identifies and fosters research needed in statistics within the transportation community.
